BY: [BRYCE DEHN](#)

AusCycling is pleased to announce that it has renewed its partnership with longstanding supply partners, **Enviro Bike Box**.

Australian Cyclists with an AusCycling Enviro Bike Box

Enviro Bike Box is a family-owned business that has been an important partner of Australian cycling since 2012 and will remain committed to **AusCycling** until at least 2025.

The renewed partnership will see **Enviro Bike Box** continue to support our Australian Cycling Team by providing access to products that will assist with safely and efficiently transporting their cycling equipment around the world.

Developed with the support of Australia's most talented cyclists over the past decade, the **Enviro Bike Box** takes the stress out of dismantling and reassembling your bike while travelling as it is one of the lightest, most robust and environmentally friendly bike cases on the market.

A proud Zhang family with AusCycling Enviro Bike Boxes

“We first sponsored Cycling Australia back in 2012 when the entire world witnessed Anna Meares win the Gold medal in London and it has been such an exciting partnership for us,” said Jack Zhang, Director at Enviro Bike Box.

“We are so proud to be sponsoring AusCycling again and we can't wait to support the next generation of Australian cyclists that will stand up on the world stage.”

In addition to their support of the Australian Cycling Team, Enviro Bike Box are providing AusCycling members with an exclusive 20% discount on their own bike transport purchases, which is accessible now via our [Member Rewards Portal](#).

“We haven't just renewed the partnership, we've supercharged it. The Enviro Bike Box is a game changer because it is not only strong but it's light and we know that weight is a big issue when travelling,” said Agostino Giramondo, EGM of Commercial, Clubs and Community at AusCycling. 

“The box comes in many different versions which suits any type of bike. That’s very important to us at AusCycling.”
